# Sam Bolton

(703) 801-8364 | Sambolton.kw@gmail.com | Portfolio

## Summary

Results-driven Full-Stack Developer passionate about leveraging technology to create innovative solutions. With a strong foundation in both front-end and back-end development, I am eager to contribute to organizations that are driving the future.

## Skills

- **Programming Languages**: JavaScript, HTML, CSS
- **Frameworks and Libraries**: React, Node.js, Express, Bootstrap, Tailwind CSS, Vite
- **Databases**: PostgreSQL, MongoDB
- **Tools and Technologies**: Git, GitHub, RESTful APIs
- **Soft Skills**: Team Collaboration, Problem Solving, Communication

## Education

**Coding Boot Camp Certificate**
George Washington University, August 2024

***The Complete JavaScript Course 2025: From Zero to Expert* – Udemy** (71 hours, Certificate of Completion), January 2025

**BA in Political Science**
Christopher Newport University, December 2010

## Personal Projects

### The Bird Bath

Developed a full-stack blog platform using React, Node.js, and PostgreSQL, allowing users to create and manage content. Implemented a user dashboard where users can change their profile information and administrators can manage site functionalities.

### Weather App

Created a dynamic weather application using APIs to display real-time weather conditions. Implemented features such as background changes based on weather and snowfall effects triggered by snowy conditions. Built with JavaScript, CSS, and HTML.

**[Quantico Hunting Map](#)**

Designed a property map with interactive elements for displaying 2024 deer harvest data. Enabled filtering and display of data through an intuitive interface.

---

### Experience

**Day Trader**, Self-Employed, May 2018 – 2023

- Conducted in-depth technical and fundamental analysis to identify trading opportunities, leveraging various financial news sources and market indicators.
- Implemented rigorous risk management techniques to minimize losses and protect capital, including position sizing and the use of stop-loss orders.
- Utilized trading platforms and tools for real-time data analysis and order execution.

**Realtor**, Keller Williams, Northern VA, June 2011 – May 2018

- Facilitated property sales and purchases, guiding clients through the real estate process from start to finish.
- Conducted cold calling and targeted outreach to generate new leads and expand client base.
- Delivered engaging presentations to clients, showcasing property features and market insights to drive sales.

---

### Supplemental Income Activities

**Delivery driver**, DoorDash, September 2023 – Present

- Provided efficient and timely delivery services, maintaining a 95% customer satisfaction rating.
- Managed customer interactions and resolved issues to enhance service quality.
